

# IMMIGRATION MANAGEMENT

Need to send an employee abroad efficiently, compliantly and with minimal effort? It's no problem! NRI Relocation partners with Envoy for immigration services who maintains the world's first globally-integrated immigration management platform.

## Key Features Include:

### Complete Centralization

Collaborate between your HR team, NRI Relocation, employees and attorneys seamlessly to manage your global immigration needs from start to finish in one platform. Envoy enables centralized global mobility billing, making managing a budget easier than ever before. No more switching between email, spreadsheets and folders.

### Transparency & Compliance

Gain peace of mind by receiving visa renewal reminders so you never miss a renewal date again. Understand up front what type of work authorization is needed for your situation. Open a case and gain access to document lists, case requirements and more.

### Security Stronghold

Envoy's cloud-based platform, with built-in communication center, has top security measures in place so you no longer have to worry that your information and documents are secure.

### World-Class Service from Dedicated Team Members

Easily contact in-country partners and your case manager with any questions and receive a prompt response.
